#### INDEPENDENT AUDITORS' REPORT

To the Members of Wampum Group, LLC New York, NY

We have audited the accompanying statement of assets, liabilities and members' equity of Wampum Group, LLC (the Company) as of December 31, 2010 These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial Statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wampum Group, LLC at December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

## NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

#### **Organization**

Hedge Executions L.L.C. (the "Company") was organized as a limited liability company in New York on November 16, 2005. The Company became a member of the American Stock Exchange ("ASE") on April 6, 2006, Financial Industry Regulatory Authority ("FINRA") on July 30, 2008 and the New York Stock Exchange ("NYSE") on February 2, 2009. During 2009 all ASE operations were moved to the NYSE. The Company is engaged in the activity of trading securities and futures.

#### Nature of Business

The Company's business is primarily that of an executing floor broker. Commission income is earned by the Company on security transactions which it executes on the exchange floor.

### NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Revenue Recognition

Commission fee income is recognized when services are provided. Related expenses are recorded when incurred.

#### Cash and Cash Equivalents

All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

#### Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

## NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (continued)

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

#### Securities-Lending Activities

Securities borrowed and securities loaned transactions are generally, reported as collateralized, financings except where letters of credit or other securities are used as collateral. Securities-borrowed transactions require the Company to deposit cash, letters of credit, or other collateral with the lender. With respect to securities loaned, the Company receives collateral in the form of cash or other collateral in an amount generally in excess of the market value of securities loaned. The Company monitors the market value of securities borrowed and loaned on a daily basis, with additional collateral obtained or refunded as necessary.

#### Recent Accounting Pronouncements

The Company does not expect any recent accounting pronouncements to have any material impact on its financial condition or results of operations.

#### **NOTE 3 - NET CAPITAL REQUIREMENTS**

The Company is a member firm of the American Stock Exchange, and is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. Net Capital is defined as at least, the greater of \$5,000 or 6 2/3% of aggregate indebtedness, as defined. Net Capital and aggregate indebtedness change daily. The Company had net capital of \$80,560 at December 31, 2010 which exceeded the regulatory requirement of \$5,000 by \$75,560. The ratio of aggregate indebtedness to net capital was 0.1584 to 1 at December 31, 2010.

# NOTE 4 - RECEIVABLE FROM BROKER-DEALERS AND CLEARING ORGANIZATIONS

Amounts receivable from and payable to the Company's clearing organization, and others at December 31, 2010, consist of the following:

	Rec	eivable
Receivable from clearing broker Floor brokerage commission receivable-due from Related party broker	\$	5,425
	·	14,000
Total	\$	19,425

#### **NOTE 5 - INCOME TAXES**

No provisions for federal and state income taxes are made in the financial statements as these taxes are the responsibility of the members of a limited liability corporation.

#### **NOTE 6- RELATED PARTY TRANSACTIONS**

During 2010, the Company billed a broker dealer owned by a non-managing member of the Company a total of \$189,392 for floor brokerage commissions. These related party transactions are not necessarily indicative of the transactions that would have been entered into had comparable transactions been entered into with independent parties.

The Company has an expense sharing agreement for office space, staff and communications with this related broker dealer requiring monthly payments. During 2010, the Company was billed \$6,000 for these shared expenses. This amount is included in office expenses and supplies in the statement of income and expenses for the year ended December 31, 2010.

#### NOTE 7 - GUARANTEES

FASB ASC 460-10, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, requires the Company to disclose information about its obligations under certain guarantee arrangements. ASC 460-10 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or non occurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. ASC 460-10 also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

#### Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, providing services to, the Company or its affiliates. The maximum potential amount of future payments that the Company could be required to make under the indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

#### NOTE 7 - GUARANTEES (continued)

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the consolidated financial statements for these indemnifications.

#### **Exchange Member Guarantees**

The Company is a member of the NYSE Amex. Associated with its membership, the Company may be required to pay a proportionate share of the financial obligations of another member who may default on its obligations to the exchange. While the rules governing different exchange memberships vary, in general the Company's guarantee obligations would arise only if the exchange had previously exhausted its resources. In addition, any such guarantee obligation would be apportioned among the other non-defaulting members of the exchange. Any potential contingent liability under these membership agreements cannot be estimated. The Company has not recorded any contingent liability in the financial statements for these agreements and believes that any potential requirement to make payments under these agreements is remote.

#### NOTE 8 - SUBSEQUENT EVENTS

Management evaluated subsequent events through February 25, 2011, which is the date the financial statements were issued.
